## THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant. Erik R. Thoen et al.

Art Unit : 2881

Serial No.: 09/542,061

Examiner: J. Menefee

Filed

April 3, 2000

Title : SEMICOND

SEMICONDUCTOR ELEMENTS FOR STABILIZING LASER OUTPUT

Commissioner for Patents Washington, D.C. 20231

## RESPONSE TO OFFICE ACTION MAILED JUNE 6, 2001

In response to the Office Action, applicants offer the following remarks:

## **REMARKS**

Five independent claims (claims 1, 10, 20, 26 and 32) are pending.

In the office action, the Examiner rejects independent claims 1, 10 and 26 as anticipated by Jiang<sup>1</sup> under 35 U.S.C. § 102(a), and rejects independent claims 20 and 32 as obvious over Jiang in view of Shen.

Applicants submit, however, that Jiang is not prior art under 35 U.S.C. § 102(a). The Jiang reference was published on August 1, 1999. As demonstrated by the attached Rule 131 affidavits of Erik R. Thoen (an inventor) and David A. Simons (the attorney of record):

- The applicants conceived the subject matter of all the independent claims (claims 1, 10, 20, 26 and 32) prior to August 1, 1999.
- The applicants reduced to practice an embodiment of independent claims 1, 10 and 26 prior to August 1, 1999.

CERTIFICATE OF MAILING BY FIRST CLASS MAIL

I hereby certify under 37 CFR §1.8(a) that this correspondence is being deposited with the United States Postal Service as first class mail with sufficient postage on the date indicated below and is addressed to the Commissioner for Patents, Washington, D.C. 20231.
